London, April 28.—Captain Scott commanding a Norwegian steamer, chartered by

the Belgian Relief Commission, reports the presence in the North Sea of a German

fleet numbering no less than 68 vessels all told. Captain Scott, whose ves-

sel has just come to port, reports that while crossing the North Sea he was held up by

one of these German vessels. After an examination of his papers he was permitted to

proceed. The German fleet was composed of vessels of all classes from battleships to tor-

pedo boats. The date of Captain Scott's encounter, and just where in

the North Sea he sighted this German fleet, has not been announced.

MILITARY OPERATIONS OF IMPORTANCE CENTER IN THREE FIELDS OF ACTION

Military operations of critical importance are now under way simultaneously in three distinct fields of action.

In Flanders the Germans are once more engaged in with the British, Belgians and French in a struggle for mastery of the territory near the Yser canal, where several months ago there occurred

what was perhaps the most terrible struggle of the war thus far. In the Carpathians the Russians are again assuming the offensive in another of their repeated efforts to push over the mountain barrier into Hungary.

At the Dardanelles the Allies have succeeded in landing troops on both sides of the straits, in-

augurating the combined land and sea attempt at the conquest of Constantinople.

A British correspondent in Northern France telegraphs that the German effort to turn the left British flank near Ypres has failed, and that the Germans have been checked, although the battle still continues with violence.

French military authorities are cautious of accepting the theory that the plan of the Germans is to break through to the English channel, but they regard it as patent that such a huge concentration of troops on a limited front means that the present drive is preparatory to some more important undertaking.

An official Belgian statement indicates that the German attack is lessening in force. It is said the artillery fire against the Belgian front has largely died away. Russian and Austrian official statements indicate that fighting in the Carpathians is becoming more intense. Each side claims to have defeated the attacks of

the other, but it is apparent that gradually the activity is spreading along greater sections of the battle lines.

Military observers at Petrograd say that more decisive operations than have occurred hitherto are expected shortly.

The situation in the Dardanelles remains obscure although it is ap-

parent that the French and British have made some headway with their landing operations.

The Paris war office has announced the capture of Kani Kales on the Asiatic side. The Turks, although reporting the repulse of landing forces in some cases, do not claim that in every instance the Turks have been able

to drive them back. Italy is still debating the question whether she shall intervene in the war. The Italian ambassador in France, one of those summoned home to consult with the government, has had a long conference with the king concerning international affairs.

"The armored cruiser Leon Gambetta cruising at the entrance of the Otranto Canal was torpedoed the night of April 26-27 and went to the bottom in ten minutes. All of the officers on board perished at their posts. One hundred and thirty-six members of the crew, including eleven under officers, were rescued by vessels sent out promptly to their help by the Italian authorities.

"The list of survivors has not yet been received at the ministry of marine."

Carried Crew of 700 To 800 Officers and Men

T. R. WANTED TO TAKE ADVANTAGE OF BOSS PLATT'S EXPERIENCE

Syracuse, N. Y., April 28.—Theodore Roosevelt told today as a witness in the \$50,000 libel suit brought against him by William Barnes, Jr., why, when governor of New York and president of the United States, he conferred with former United States Senator Thomas O. Platt—"The boss."

While he was governor of New York, the Colonel declared, he discussed things with Senator Platt because he had found out that the legislature obeyed his order. The witness thought it best when there was any likelihood of that law making body of the state disagreeing with him to first go to headquarters and talk things over. Further, as governor, the Colonel said, he did not want to

run any chances of disrupting the Republican party. As president of the United States the Colonel readily admitted he conferred constantly with the senator from New York on all manner of things. He said he valued the senator's advice and wanted to take advantage of his wide experience.

First Ward Is Complimented By The Cleanup Committee; Whole City Urged To Clean

The First Ward scored heavily with the executive committee of the Federation of Women's Clubs Wednesday when they made their rounds of this section of the city.

They inspected a number of alleys and found them in surprisingly good shape and had nothing but praise for the residents in this section of the city. Only one alley they claim needs attention and it is located back of the Fourth street school building.

Each ward of the city is to be visited and those who are at the head of the clean up movement sincerely hope that residents east of Chillicothe street will get as busy as those west of this street and see that their alleys, lawns and yards are thoroughly cleaned.

Supt. Frank Appel of the public schools has instructed the teachers to give a five minute talk each day on the clean up movement and merchants will be asked to call attention to the city-wide clean up campaign that is now being earnestly waged in their advertisements in the local papers.

When the clean up movement is on in earnest next week State Inspector T. A. Fleming will arrive here to thoroughly inspect the city and to see for himself how this important work was carried on under the auspices of the Portsmouth Federation of Women's Clubs.

For the next ten days the slogan in the River City will be "Clean Up, Paint Up and Brighten Up."

FATHER GLOECKNER TO SUCCEED FR. SCHNEIDER

It was announced Wednesday that Rev. Father Francis Gloeckner, of Maynard, O., formerly of this city, had been named as successor to the late Rev. John J. Schneider as pastor of St. Joseph's church in Ironton.

It had been whispered about immediately after the funeral of Father Schneider that the former young Portsmouth priest was the choice of Bt. Rev. James J. Hartley, Bishop of Columbus, for the vacancy created by the popular Ironton clergyman's death, so that the announcement did not come altogether as a surprise here. The appointment is a great tribute to Father Gloeckner's worth and ability, for in naming him Bishop Hartley disregarded seniority and service, naming the young priest over the heads of many others who are older in service and experience, and who stood in line for promotion.

It was conceded that if there was one priest in the diocese who could possibly take up the good work started by Father Schneider it was Father Gloeckner, whose successful administration of St. Mary's large parish here, upon the death of the late Monsignor A. Nomen, whom he succeeded as pastor, won for him a name throughout the diocese. Previously he had served as Monsignor Nomen's assistant. After he was relieved as pastor by Rev. T. A. Goebel, he was transferred to Steubenville, O., and later to Maynard, where he endeavored himself to the striking coal miners and their families in that district by his untiring and self-sacrificing efforts in their behalf.

Father Gloeckner will prove a worthy successor to the late pastor, who for twelve years looked after the spiritual wants of the German Catholics of Ironton, and they are certainly to be congratulated. The best wishes of the young priest—many friends and admirers in Portsmouth will follow him to his new field of labor.

Father Gloeckner was a guest at St. Mary's paragon Tuesday night when a telegram from the Bishop informed him that a note awaited him at Ironton. Going to that city Wednesday morning Father Gloeckner was agreeably surprised to find the note was his official appointment. He promptly sent a message to Father Goebel informing him of the fact. He returned to Portsmouth Wednesday afternoon to complete his visit and will at once arrange for his removal from Maynard to Ironton.

New York, April 28.—Decided improvement in the steel and iron industry is seen in the financial statement of the United States Steel Corporation for the first quarter of the calendar year, issued today. Taking the report by months it shows that March earnings were \$8,004,136, as against \$4,511,058 in February and \$2,567,176 in January.

Total earnings were \$12,457,309 a gain of \$1,524,639 over the preceding quarter, the net income showing an increase of \$339,315. This left the small balance of \$915,068 applicable to payment of the preferred dividend, which required an outlay of \$6,304,919. To meet this deficit it was necessary to draw on last December's undivided surplus to the extent of \$5,389,861.

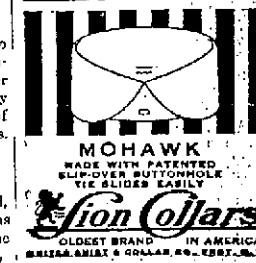

Contrary to his usual custom, Chairman Gary refrained from any public discussion of trade conditions, but it was said that the mills of the company now are operating from 65 to 70 per cent of capacity. The corporation's foreign business is said to show a marked gain over the last quarter of last year.

In Maysville

Attorney B. F. Kimble was in Maysville on legal business Wednesday.

Was A Visitor.

Al. H. Mittendorf, prominent merchant of South Webster, was a business visitor in Portsmouth, Wednesday.

When she wore little half-hose and sandals, and a pink sash with big hair-ribbon to match, she couldn't wheel her doll baby two yards without being surrounded by a half-dozen cherub-faced ladies. And when she started to school, no freckle-faced, snub-nosed member of the opposite sex pulled her curls or called her horrid names. Instead, the boy in front of her gave her an enchanting red lead pencil, which was promptly thrown aside when she received a bright yellow top with a rubber on it from the bespec-

tacled, serious lad in the back seat. Perhaps it was her sunny smile, and her sweet, unselfish ways, or maybe she had a precious instinct which helped her comprehend the mysteries of the small boy's heart. But there was one boy whose eyes never once drifted her way, and when she met him going to and from school, he passed her with a proud and lofty air, and curiously enough, she liked him better than the rest! And now that she has closed the door of Childhood behind her, it is just the same. Others may play the unwilling part of Wallflower, but not she! She wears more frills than any other girl, and the florist knows the number of her house by heart. That she is fickle, everyone knows, but she's the prettiest girl in town, and the merriest! And if her smile is a trifle wistful sometimes, who is to know that it is for the One Man who passes her by, with a look that means no more, no less, than "The rose that all are praising is not the rose for me."

The Markets

NEW YORK STOCK

New York, April 28.—War specialties and local utilities comprised the bulk of yesterday's operations with gains of 3 to 10 points.

The quarterly report of the United States Steel Corporation was favorably received by speculative interests judging from the course of that stock and the general market at today's opening. Steel made an initial gain of 3/4 to a point at the outset, soon increasing this to a point. Local transactions, motors and some of the other industrial specialties rose a point or more. Investment railway shares participated in more moderate degree while New York Central debenture sizes, with a gain of 1/2, made a new high record. American Tin, Central Leather and Pressed Steel Car were among the few issues to record declines.

Steel continued to hold its commanding position including its gain to 1 1/2 points on very heavy dealings. Interborough common was really the most active issue of the first hour and the preferred stock advanced as much as steel. Representative railway issues which showed early backwardness later registered substantial advances, while in the general industrial and equipment groups gains of 2 to 5 points were numerous. Westinghouse being most conspicuous. The overturn in the first hour was very large, but diminished materially later.

Bonds were strong, New York Central debentures contributing fully 75 per cent in the morning's large operations.

Heavy selling in the last hour made only a temporary impression, prices rebounding sharply. The closing was strong.

ing in the May delivery against purchases to arrive. The market, after opening 3/8 to 1/2 off, steadied about one cent under last night's level.

Lightness of offerings rallied the corn market from weakness that was due to sympathy with wheat. Cash demand seemed to have improved to a noticeable extent. Opening prices which varied from 1/8 to 1/2 down were followed by net gains.

Shortly quickly absorbed offer market more than recovered an early advance.

Firmness in the price of hogs tended to harden provisions. The volume of business though was rather small.

Later a sharp bulge in wheat took place of the reports that the Germans were preparing for a four years war. There were also complaints of Hessian fly in Nebraska and of dry weather in some of the eastern parts of the wheat belt. The close was strong at 1/4 to 1 and 1 1/2 above last night.

Rumors of export sales of corn led afterward to a decided upturn. The close was strong at 1 1/2 to 2 net advance.

TWO PRIESTS SLIGHTLY INJURED WHEN AN AUTO IS BACKED INTO A DITCH

A pleasure trip of a party of Catholic priests came near ending seriously when the automobile of Joseph Loviner, of the Loviner Heating & Plumbing company, of this city, was ditched at the foot of the McCullough hill in Union township Tuesday afternoon, following an exciting coast backwards down the hill.

Rev. Father James P. Banahan, pastor of St. Paul's church, Athens, Ohio, and Rev. Father Joseph Kirlin of Philadelphia, Pa., were both injured, the former having his left ankle sprained and Father Kirlin sustaining two cuts on the forehead, when they jumped in hopes of lightening the weight of the car as two of the wheels went over the embankment.

Others in the car besides Mr. Loviner and who escaped injury were Rev. Father T. A. Goebel, pastor of St. Mary's church, this city, Rev. Father Francis Gloeckner, of Maynard, Ohio, formerly of this city, and Rev. Father Jos. Seherer, of South Bend, Ind., formerly of Portsmouth.

The clergymen, who the day before had attended the funeral of Rev. Father John J. Schneider at Ironton, had planned a surprise visit to Rev. Father Jos. Meridian at McCullough before separating for their respective homes. Father Meridian is the aged and feeble pastor of the St. Patrick's church at McCullough and the oldest priest in active service in the state though now almost an invalid. A very steep hill leads to

the church and parsonage and some of the party had advised against ascending it. Mr. Loviner however, decided to go ahead but after almost reaching the top saw ahead some ditches that had been formed by recent rains and rather than jolt his passengers unnecessarily started backing down the hill. He had almost reached the foot of the hill when in making a little and sharp turn the brakes failed to check the car. The car gaining momentum swung around into a ditch with the above result.

The machine was not damaged any but the party continued on foot to the Father Meridian home and after a brief visit there spent the remainder of the afternoon at the home of Andrew Haggerty of Henley, returning home in the evening.

Dr. P. J. Kline attended Father Banahan upon the party's arrival in the city and he left on an afternoon N. & W. train Wednesday for Columbus to enter St. Anthony's hospital for treatment.

Father Kirlin is the guest of Father Goebel, he arriving here last Saturday. They were classmates at the Catholic University in Washington, D. C. Father Seherer is a native of Portsmouth and is home for a visit to relatives.

Mary Pickford Behind The Scenes
Columbia Today

Manager Tynes announces a return engagement of Mary Pickford in "Behind the Scenes" at the Columbia today. When this picture was presented at the Columbia last December, the weather was very bad, and many people were deprived of the privilege of seeing it.

Those who did see it were more than pleased, and in fact "Behind the Scenes" is considered as one of the real triumphs of Mary Pickford in motion pictures.

The first show this afternoon will start promptly at 1:30, then at 3:00 and 4:30. The price of admission for the afternoon will be 10 cents to all.

The evening shows will begin promptly at 6:30, then at 8:00 and 9:30, and usual Pickford prices will prevail, adults 20 cents and children 10 cents.

Mr. and Mrs. Castle, acknowledged to be the greatest dancers in the world, will appear at the Columbia tomorrow, giving all of their famous dances in motion pictures. This is a special added attraction in addition to the regular show of three reels.

These gripping human emotions make a thrilling, heart-breaking story of a man, a master, a genius and a hero of the other. Elaine has the most nerve-racking, vivid, thrilling experience of all. It is she who is threatened on every side with death. The third and fourth reel entitled "The Mill by the Zuvier-Zee" is a drama laid in

the sixteenth century when the Spaniards invaded Holland. A charming love story is woven into the picture which is sure to be appreciated by all as its historical and dramatic powers are both good. Admission 5 and 10 cents.

Comedy At Brady

Tonight is offered a screamingly funny two reel L. K. comedy that will keep you laughing till your sides ache. "The Averaging Dentist" is the title. Billie Ritchie the noted comedian is featured. Only 3 More Hudsons Per Dealer This Spring

All the Hudsons in dealers' hands, plus the next two months' output will supply an average of only about three cars per dealer. We believe that many men who want Hudsons this spring will find it cut too late.

Just spring, thousands were delayed in getting their Hudson Light Six. All summer prompt delivery was impossible. We were always weeks behind.

This spring we have new attractions. The Light Six is the vogue. And more than 12,000 Light Hudsons are running, each creating new desire for this car. So, despite our big winter output, it can hardly be possible to make prompt deliveries long.

That is true of First Choice cars of every class. There is never enough in the spring.

Hudson Comes First

We announce this because Hudson must come first with you, if you want a high-grade light Six.

Hudson stands out as the class car. It shows the results of one year of refinement. It has proved itself an millions of miles of road. Everywhere there are users—over 12,000 in all—to vouch that the car is perfect.

Wife Went To The Street Fair; Rumpus, Then Came Arrest

Dear Siblings and wife, of Find street, who were arrested near the street fair grounds Tuesday night for fighting, were dismissed in police court Wednesday morning.

Sickles had been trying to induce the woman to leave the vicinity of the merry-go-round and return with him. She slapped him and he turned her with his name. Officer Key Moore found her crying and took them into custody.

Sickles told the court that it was the second time his wife had gone to the street fair against his wishes and that he merely acted for her own good. The court recognized the woman as the same who about six months ago started to elope with a foreigner who had purchased tickets for Columbus, only to be apprehended at the depot. She admitted this, claiming that Sickles deprived her of all pleasures and refused to take her anywhere. She insisted that she had as much sense as her husband or the court, and when advised by the latter to stay home at night, declared she would go to the workhouse first. She showed signs of becoming hysterical and her husband led her from the court room.

Hans On The Job, Burglars Balked

A timely discovery frustrated a robbery of the Charles Winter store at 509 Chillicothe street Tuesday night at 10:30.

Two men were undoubtedly in the store when Merchant Policeman Charles Huns discovered the front door standing open. Walking through the store room he examined the rear door and found it locked before notifying Henry H. Wier, the manager, who came from the scene in a few moments and was joined by Officer Anderson (Anderson). They made a search of the cellar and upon returning upstairs were surprised to find the rear door unlocked. A robber evidently having left his hiding place and escaped while they were in the basement. Lacking the rear and front doors again, the three men went upstairs to make an inspection, and upon their return to the ground floor were shocked to find the rear door standing open, which

showed that a second man must have concealed himself and awaited his opportunity to escape.

Just how the robbers gained entrance is unknown, but they must have had a key to the front door. An inventory of the stock up to Wednesday morning showed nothing missing, the robbers having been surprised before they could get in their work. The front door was tried by Policemen Huns when he turned out the lights at 9:30 o'clock and was securely locked.

Listen To This, B. & O. Is Going To Speed Up

The mayor has consented to the B. & O. S.-W. increasing the speed limit of its trains from six to ten miles within the city limits of Portsmouth.

This is made conditional that the company have its passenger trains well manned and crossings safeguarded. G. D. Brooke, of Chillicothe, division superintendent of the B. & O. S.-W., in asking for the change, declared it would insure the promptness of the company's passenger trains and that his observation, in so far as safety is concerned, is that ten miles is about as satisfactory as six miles per hour. He also cites the fact that the speed limit for automobiles in the same territory is fifteen miles per hour. Mr. Brooke adds that he will require the company's engineers to comply with the new speed limit of ten miles strictly.

CONSIDERS IT A PLEASURE TO SERVE

Harry Strong, business agent of the Building Trades council, has accepted the invitation to serve as a member of the Clean-Up committee.

Girl Taken From Carnival Troupe

Edna Stewart, a young colored girl of Coshocton, is being held at the city prison pending further word from the juvenile authorities at Columbus.

The girl had been taken into custody on a message from Columbus asking that the girl be apprehended. She was found at the Plantation show at the street fair the troupe having picked her up while she was visiting in Columbus. Shortly after a delegation of the colored performers called at the police station to see her and one of them remarked that he had anticipated trouble because there had been thirteen in the party which came down on the train and he had advised the Stewart girl to stay at home.

Her Neighbor's Advice

"I was hurt in an accident," says Mrs. A. C. Lease, of Tribune, Kansas, "and suffered from an ailment peculiar to women. I had sore spots all over, and they said I had nervous prostration. We spent over \$100 in doctoring, but I was not helped. I could not sleep or eat—could not raise my head from the pillow. One of our neighbors recommended CARDUI, and my husband went 8 miles through a blizzard to get it. CARDUI saved my life, for I was soon able to get up, and could sleep all right. Now I am getting along fine, and do not suffer any more. I am a friend to CARDUI and recommend it to all."

MERCHANTS TURN DOWN BOOKLET ADVERTISING

The plan of Fire Chief W. A. McQuat, and Director, Joseph Lake, of the public safety department, to raise revenue through a souvenir booklet of Portsmouth, with which to entertain the Ohio Firemen's Protective Association during its meeting here in September was turned down by the Retail Merchants' Association Tuesday night.

The Association took the view that the plan was an advertising scheme and that its rules precluded it from lending any support to it on that account. E. B. Roberts, a publisher of Lexington, Ky., had hoped to issue an illustrated history of the Portsmouth fire department and the present paid city department, he to receive the money for the advertising carried.

Chief McQuat said Wednesday that he would now have to devise some other means of raising funds for entertaining the convention visitors and hoped to confer with the city officials. It is most likely a popular subscription will be started.

3 Men And Woman Caught In A Raid

James McFarlin and wife, Sam Brown and Warren Osborn were arrested in a raid police made upon the McFarlin home, 2334 Eighth street, Wednesday morning at 2 o'clock.

McFarlin had previously made complaint to the police. When police reached the scene, according to Capt. Grant Cooper's official report, Mrs. McFarlin and Brown were in the same room together, while Osborn was in a room in another part of the house dead drunk. It was Osborn with whom McFarlin had had trouble. Brown claimed to be a boarder at the home and secured his release later by posting a \$15 cash bond. The other two men were locked up. Mrs. McFarlin was left at home out of consideration for her small child, but was ordered to appear in police court.

Mrs. McFarlin and Brown failed to appear in court and a fine of \$25 was assessed against the latter for disorderly conduct while Osborn was let off with \$10. The hearing of Mr. and Mrs. McFarlin was then set for this evening at 7 o'clock.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Try the Vick Vap-O-Rub Treatment

Applied in Salve Form Over Throat and Chest Relieves by Inhalation and Absorption.

Vapor treatments are best for inflammation of the air passages. The vapors carry the medication direct to the inflamed surfaces without disturbing the stomach. External remedies will do. A very convenient vapor treatment is a good application of Vick's Vap-O-Rub Salve over the throat and chest, covered with a warm flannel cloth. The body heat releases vapors that are inhaled with every breath, opening the air passages, loosening the phlegm, and healing the raw surfaces. For deep chest colds, first apply hot wet towels to open the pores. Vick's is then absorbed through the skin, taking out the tightness and soreness. 25c, 50c, or \$1.00.

AUTO GOES OVER EMBANKMENT, HUNTINGTON PARTY IN ACCIDENT

An automobile owned by A. B. Brode, son of the owner, and Miss Margaret Brode, Mr. and Mrs. Samuel Walker, Miss Marie Prexler and Miss Nannie Leslie, was wrecked shortly before midnight last night on the Haverhill pike, near the Jerry Adkins farm, about eleven miles west of Ironton, and it was indeed miraculous that the occupants of the car escaped with their lives, says the Irontonian.

The occupants of the car were members of the Trinity church choir at Huntington which enjoyed an auto drive to Portsmouth and banquet there last night, and

were on their way home when the accident occurred. Although the details were meager, it was stated that the car, which was a large seven passenger machine, had been having tire trouble all the way from Portsmouth and the other six cars, that formed the auto party had passed the Brode machine on the return home, consequently there was no one behind them to pick up the injured, had there been any, as a result of the accident.

It is understood that the car was plunged over a steep embankment and several members were slightly injured, while all were badly shaken up and frightened.

NEW MINISTER STRONG ON FINANCIAL PROBLEM

That Rev. Charles R. Oakley, new minister of the First Christian church, does not propose to "sly" at the financial problem of his congregation, was shown at the meeting of the Men's Union held at the church Monday evening, when he took advantage of the opportunity offered him to make known his position on this important subject.

Rev. Oakley believes that a man's religion is measured largely by his financial contribution. Understand, he is one of the most liberal ministers in the pulpit, believing that members should give according to their ability. He stated that while times were admittedly not as prosperous as they might be, that it was altogether wrong for church members to begin curtailing at the expense of the Lord. He stated that that was the last place for a Christian to begin cutting expenses. He goes on the theory that a person never misses a penny that goes into the Lord's treasury—that it is like bread cast upon the waters. The new minister, who impressed all his hearers with his earnestness, stated that his coming here was going to cost his parishioners a lot of money. He added that

he did not refer to his salary, but to the wiping out of the debt faced by the church. Rev. Oakley believes that it would be foolish for the church to attempt any improvements until the slate is clean and this is the task that he proposes to face unflinchingly and with a broad vision. He placed his stamp of approval upon the plan adopted at the beginning of the year when quite a number of the organizations of the church and Bible school took out Christmas clubs.

All in all his talk was in line with the convictions of the members of the Men's Union, who pledged their loyalty to the new minister in his plans to liquidate the debt and at the same time build the church up in a spiritual sense.

President C. I. Cheyney presided at the meeting, which was a most interesting and helpful one. It was decided to have ward meetings at least twice each month from now on. Interest in the Union has been at a rather low ebb of late, due largely to the fact that but few meetings have been held. Announcements as to the various ward meetings will be made Sunday.

TRINITY BIBLE CLASS IS PLANNING BIG TIME

Trinity Men's Bible Class will give its last "Fun Social" of the season Thursday evening and preparations are already made for a great time. These events, famous with this big class are looked forward to with a great deal of interest and the predictions are that this last event of the season will be unusually well attended.

A very interesting program has been arranged which included a talk by J. H. Finney, his subject being: "Immocence Abroad, or a Tour Through Ohio with the Pilgrim Singers." Prof. Finney says he will for the first time reveal the humorous incidents and many amusing situations encountered last fall while he and the Pilgrim Singers were campaigning through the state. This feature will no doubt be enjoyed by all excepting the Pilgrim Singers, who will undoubtedly bear the brunt of the jokes. After Prof. Finney's talk the Singers will render a humorous song, "The Monkey and Chimpanzee."

The biggest feature of the evening, however, outside of the talk, which will of course come last, will be the "blind alley" debate, with Prof. Frank Appel as chairman, Prof. Finney, captain of the affirmative side, and Dr. McAfee, pastor of the First Baptist church, captain of the negative. Rev. Strecker, E. P. Price and Charles Bennett will finish out the affirmative contingent, while Prof. Alfred Stewart, Charles C. Bridwell and Dennis Coriell will throw their full strength to the negative. The question to be debated is as follows: "Resolved: That the ——— are better than the ———, and that resolutions be passed by this body endorsing same." The audience will be given the question in full, while the debaters will know only the question in blank form and the set to is sure to present many laughable situations.

CLOTHES ARE MISSING

The introduction of S. S. R. is at once a command to blood purifiers to find a way out.
And what are blood purifiers? They are the impurities found in the mucous linings of the body; they may be acid accumulations known as rheumatism; they may be boils, pimples, eczema, nose and stubborn, indolent sores.
But examined closely, they are all germs that have gotten the upper hand and it requires the flushing influence of S. S. R. to drive them out. And out they go when S. S. R. begins to circulate in the blood. It only requires five minutes to begin this influence, for it is a fact that in this limited time S. S. R. may be traced in the urine. In the perspiration. In the effluence from the lungs to show that it is at work. Germs, mind you, are of various kinds, but all are foreign to health and S. S. R. is no respecter of destructive germs, it drives them all out of whatever name they go by. Just get a bottle of S. S. R. of any druggist and soon you will observe a decided change. And if you're in a stubborn case, write to the Medical Adviser, care of The Swift Specific Co., 107 Swift Bldg., Atlanta, Ga. It is a regular physician, proud of his name by virtue of his distinguished family and is recognized as a foremost physician on his own merit.

Let Sentanel Laxatives DO YOUR SPRING CLEANING

Wonderful Little Performers, 10c

Like your house, your system needs a little special attention in the spring. Winter has left your bowels clogged, your liver lazy, your blood impure; you need a good inside housecleaning. Sentanel Laxatives will do the trick. And do it without pain or griping. They work more effectively than the ordinary cathartic, for they not only clean out the nasty, noxious poisons, and put your liver back on the job, but they tune up the whole system so that you feel simply great!

There's not a bit of mercury (calomel) in Sentanel Laxatives. They are made entirely from old-fashioned, time-tried herbs and plants that are used by physicians daily. Have your druggist send you a box. 10 doses 10c. Get them busy tonight. Your money, cathartic, for they not only clean out the nasty, noxious poisons, and put your liver back on the job, but they tune up the whole system so that you feel simply great. The Sentanel Remedies Co., Inc., Covington, Ky.

NOTICE To All Gas Consumers

When using a gas range, if the flame blackens the utensil, it is because the burners need cleaning and adjusting. If the flame in the heating stove is yellow, it is due to the same cause.

If you are having any of these troubles, notify us, and we will have a man call and adjust your stove.

how to get germs out of milk?
HILLTOP LADY.
Pick 'em out with a pair of tweezers.

Dear Dolly.—Will you answer a personal letter if a stamped envelope is enclosed and not put the letter in the paper.
MRS. S. M.

Yes.
Dear Dolly.—What is puree? I have seen it on menu cards, but do not know what it is.
JAKE.

Puree is a kind of a thick soup, made of meat, fish or vegetables, boiled into a pulp and passed through a sieve.

Dear Miss Wise.—Is it proper to tell a gentleman caller where to put his things, or would it be all right to take them? We have no hat rack.
GOLDIE.

It is proper to tell a caller where to put his coat and hat, but if it is more convenient to take his things it is all right to do so.

Dear Dolly.—My husband is engaged in very dirty work and it is next to impossible to get the grease out of the knees of his underwear. I have soaked them over night and also boiled them without success. Can you help me?
HOUSEWIFE.

I can't help you do your washing, but if you will wash your husband's knees in gasoline before putting them in water, the stain will come out. Lard will remove tar stains.

Dear Dolly.—Would you advise a nice quiet settled country boy to marry a town girl who powders and paints and gads about all the time? Do you think she would be willing to settle down with me? I don't care much about gadding myself. I'm going with such a girl, or at least people say that's the kind of a girl she is. She seems to be nice and quiet when I go to see her. What is your opinion?
COUNTRY LAD.

You could not be contented with this girl and she would not be happy with you. Congeniality is the first requisite to married happiness. Wait and maybe you will find some capable country girl who will fit better your ideal.

Dear Dolly.—I kept company with a young lady for six months

and then I thought that I did not care enough for her to take up any more of her time, so I gave her up for another girl that I thought I could love. Since going with this second girl I find I am mistaken, and that I really do love the first one, which has proven itself by my being away from her. I feel as though I cannot stand it, as I saw her at a show with another young man, and I really felt jealous. Is there any way I could win her back? I know if I do it will be forever.
YOUNG MAN.

Call her up and ask her for an evening. Then explain the situation to her. Tell her that you were trying to make sure that she was the right girl, and that absence from her has proven it to you. I think that if you put forth your best efforts to be agreeable and show her how much you care that you can win her back.

Dear Dolly.—Will you please give me a remedy to get rid of insects on indoor ferns?

SOCIETY

At a card party given by Miss Edna McLaughlin at her home on Third street, in Waverly, last Saturday evening, the formal announcement of the engagement of Miss Clara Johnson to John Jay of Columbus, was made. Miss Johnson is the charming daughter of J. W. Johnson, editor of the Waverly Democrat, and is well known in Portsmouth, where she has a host of friends. She is a cousin of Miss McLaughlin. The wedding is scheduled to take place about the middle of June.

Miss Ruth Ellen Jackson, a former Portsmouth girl and a sister of Mrs. Robert S. Kyle of Second street, who is a very talented educationist and a member of the Ohio Wesleyan faculty at Delaware will present that delightful story "Peg O' My Heart."

April Is Suicide Month

Why? It is not definitely known unless on account of being house-cleaning month, so many people worry themselves insane trying to decide how to paint old doors. A telephone call to Flood & Blake, No. 93 will bring advice that will save hours of worry.

TIMES SERVICE PATTERN 1243

1243. A simple up-to-date style for the growing girl.

Girls' Over Blouse Dress, with skirt joined to a separate waist.

Blue serge was used for this design, finished with a neat design in black soutache braid. In white linen, with embroidered scallops on the free edges would also be pretty. This model is likewise appropriate for gingham, muscadine, chambray, ratine, percale, tulle, batiste, crepe or poplin. The underwaist is made with body and sleeves in one; the skirt is straight and plaited. The pattern is cut in 4 sizes: 8, 10, 12 and 14 years. It requires 4 1/2 yards of 36-inch material for an 8-year size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

CAUTION—Order adult pattern by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

Smoke the fern with tobacco smoke, and allow it to have plenty of sun. Do not water it so often as to make the soil soggy and sour. It's warm enough to put your fern out doors now.

Dear Dolly.—I am 18 and go with a young man whom my parents do not like. He wants me to go places with him and my mother does not want me to go. Would it be all right to go anyway?
MANDY.

Can you enjoy yourself going some place your parents do not want you to go? It is seldom that parents find fault unless there is some real reason. I do think, however, that you are old enough to have the reason for their objection explained to you. If girls would listen to their parents' advice, they would seldom get into trouble.

DARKEN GRAY HAIR, LOOK YOUNG

Don't look old—look young—so if your hair is wispy, thin, faded, gray streaked with gray, faded, dry, prematurely gray, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Your gray hair will be beautifully darkened, lustrous, soft, fresh, wavy, with that dark lustrous gloss which makes the hair so fascinating and attractive. Also stops itching scalp, dandruff and falling hair. Q-Ban is not a dye, but acts on the roots so the gray hair is so evenly and beautifully darkened that no one can tell it has been used. IS YOUR DAUGHTER PALE?

Does she inherit a delicate organization from you? The anemia of young girls may be inherited or it may be caused by bad air, lack of proper food, insufficient out-of-door exercise, hasty and irregular eating and not enough rest and sleep. It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes palpitation of the heart and headache. In a majority of cases constipation is present. Often the patient craves unusual things to eat, such as starch or chalk. There may be no loss of flesh but the complexion takes on a greenish-yellow color. There is no need to worry in a case of this kind. The treatment is easy and simple. Dr. Williams' Pink Pills, non-alcoholic and free from any harmful drug, are just the tonic to remedy this condition. Improvement begins with the first dose. As the blood is made rich and red the peculiar pallor leaves the face, strength and activity gradually return and if the treatment is continued until the last symptom disappears the danger of relapse is slight. A booklet, "Building Up the Blood," which tells all about this treatment, will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. All druggists sell Dr. Williams' Pink Pills.

"Hang the Collars That Catch the Tie!"

You've probably given voice to the sentiment frequently—perhaps more forcibly—and any other man will indorse all you've said.

The fault lies with the collar maker and the tie maker to a certain extent, and with your laundry afterward.

Our collar shaping machine leaves every collar we launder with an easy, free, sliding space.

We want to do your work and you want us to—don't you?

BOY SCOUT LEAGUE IS TO OPEN NEXT SATURDAY

The Boy Scout League held an interesting session last night to make arrangements for the opening of the league next Saturday at York park. This will be the "big event" of Boy Scout athletics this year, and hundreds of Boy Scout routers will wend their way to the park next Saturday to root for their favorite teams. Mayor Friel has promised he will be at the opening if business at the executive offices does not prevent. The boys themselves will clean the grounds and have them in the best of shape before the bell taps.

Those who have watched the teams in the pre-season games, predict it will be the best baseball year in the history of local Boy Scout work. Never before have the teams been so evenly matched.

The opening games will be as follows: Tigers vs. Athletics; East End vs. Kendall Avenue; first game will be between the Tigers, last year's champions, and the Athletics. Their lineup: Tigers—H. Hudson, c; Russell 2b; Williams, 3b; Reutlinger, rf; W. Hopkins, lf; R. Hopkins, lf; Selby, ss; Edwards, cf; L. Hudson, p. Athletics—Wilson, lf; Blake, 2b; Torress, ss; Dever, 1b; A. Yapple, c; Gehres, cf; Chapman, 3b; L. Yapple, rf; Bellamy, p.

The second game will be played between the East Enders and Kendall Avenue, and they will present the following lineup: East End—Devos, lf; Jones, 3b; Fugitt, rf; Newman, ss; Hamilton, 1b; Graf, c; Davis, cf; Eisenmugle, 2b; Noon, p. Kendall Avenue—Worthington, 1b; Buckley, cf; Craycraft, rf; Paxson, c; Scott, 3b; Bertram, 2b; Haislet, ss; Brady, lf; Donnelly, p. Sam Evans and Scout Mowrey will umpire. Every team in the league will be uniformed this season, and will wear their new uniforms for the first time on next Saturday.

This is only one league of many which will be promoted by the Boy Scout Movement in the city this summer. This is known as Boy Scout League proper, consisting of the older Scouts and the faster ball players in the ranks of the Scouts. On May 5 the Peerless League will open, and will have six teams in the organization. The week following the close of the public schools two Junior leagues will open comprising ten clubs. Amateur baseball gets a big boost through the Scout Movement every year in this city.

A Physician's Opinion

A physician who uses Grape-Nuts in his family was recently asked his opinion of this food. He said—

"It is a concentrated, palatable, nourishing and healthful food. Sweetened slightly and moistened with good rich cream, Grape-Nuts makes a very toothsome dish."

There's a reason for these excellent qualities in Grape-Nuts. This food is made of whole wheat and barley, thoroughly baked and processed to render it easily and quickly digestible—generally in about one hour.

Grape-Nuts contains all the rich nutriment of the grains, including the phosphorus, iron, sulphur and other mineral elements so necessary for proper nourishment of body and nerve cells. It's a healthful food, and economical also.

ENRICH THE BLOOD

Hood's Sarsaparilla, a Spring
Tonic-Medicine, is Necessary

Everybody is troubled at this season with loss of vitality, failure of appetite, that tired feeling, or, with bilious turns, dull headaches, indigestion and other stomach troubles, or with pimples and other eruptions on the face and body. The reason is that the blood is impure and impoverished.

Hood's Sarsaparilla relieves all these ailments. It is the old reliable medicine that has stood the test of forty years—that makes pure, rich, red blood—that strengthens every organ and builds up the whole system. It is the all-the-year-round blood-purifier and health-giver. Nothing else acts like it, for nothing else is like it. There is no real substitute; so be sure to get Hood's. Ask your druggist for it today, and begin taking it at once.

2 Candidates Were Initiated

Two candidates, Miss Gladys Jenkins and Miss Mollie Barnard, were initiated into membership in River City Grove No. 94, Woodmen Circle, at the regular meeting of the Grove Tuesday evening. Two other applications were received.

It was decided to have the Woodmen Circle and the W. O. W. unite in giving a dance on the evening of May 14th. A committee was appointed to have charge, composed of the following: Mrs. Alma Holbrook, chairman; Mrs. Jacob Lawerman, Mrs. Nellie Marlowe, Leslie Janetsky and Mrs. George A. Ditty.

An interesting report of the proceedings of the state convention of the order, held recently at Toledo, was furnished the Grove by Mrs. George A. Ditty, the delegate from River City Grove.

Refreshments of ice cream and cake were furnished the members present by a committee consisting of C. C. Milstead, Capt. Leslie Janetsky and Arthur Killam.

Four Licenses Are Given In Pike Co.

Awards of saloon licenses were made to four successful aspirants by the Pike county liquor licensing board Tuesday afternoon, three for Waverly and one for Beaver. The lucky Waverly applicants were Philip Schwartz, proprietor of the Emmitt House; Henry Teichert, and John Daniels. All three have been previously engaged in the saloon business at Waverly. The application of Mayor Chris D. Heibel was refused.

Lewis Schrader was the only applicant for the one saloon license to which Beaver is entitled, and his application was granted. He was also formerly engaged in the saloon business there.

The members of the Pike county liquor licensing commission are Dr. Charles Pressler, Democrat, formerly of this city, and Lloyd Gehres, Republican, editor of the Republican-Herald. They were appointed after a bitter factional fight in both parties.

The four saloons will open as soon as the new proprietors can get their places ready for business.

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic cathartics and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. R. Caldwell, 452 Washington St., Monticello, Ills.

Dog Was Not Mad

Reports reached police headquarters Wednesday noon that a mad dog was running amok in the Hilltop district. A squad of officers with drawn revolvers charged the dog and was about to kill the canine when it was discovered it was not mad and that it belonged to the Brant family on Highland avenue. The dog's mistress warmly resented the efforts to make way with her pet and the officers retreated as gracefully as possible.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge!

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength, and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

WOMAN'S DAY MAY BE FEATURE OF KARNIVAL

In the gentle spring-time, so the poets tell us, one thoughts turn lightly to love, but not in Portsmouth.

They turn gently to the Korn Karnival, the one big annual event in the River City and Saloto county. Though many weeks away there is a good deal heard about the Karnival these warm sultry days and many good suggestions that if carried out would make for a larger and better Karnival.

One suggestion is to devote one day to the women of Portsmouth and to set aside this day in which to extoll the virtue of those who put the sunshine in our lives and the good things to eat on the table.

The plan vaguely outlined is to have the city capitulate to the women and that everything that takes place on this day be devoted to the gentler sex.

It has been suggested that we have had our John parades, baby buggy parades, masked parade, etc., and now the Karnival promoters should set apart a day in which the dear women of Portsmouth could come in for their own.

A parade exclusively for women, for instance, would be a picturesque spectacle. Assembling their genius, the women no doubt could arrange many novel little things that would make a great day.
